

- Do you love to create? Are you someone that loves to take a design project from earliest concept through to end of construction? Does walking by a completed project give you a profound sense of pride and accomplishment?
- Are you tired of jumping between architectural and engineering firms, looking for a stable, long-term career with the potential for ownership in a firm?
- When you're in your car for 2 hours, do you prefer to cover 200+kms of scenic rural routes or being parked on a 400 series highway?
- Would you like to walk to work each day and go home, or down to the beach, for lunch?
- If you answered yes to the above questions, we are looking for someone who has the following skills, qualifications and experience.
 - Structural Engineer, licensed in the province of Ontario, with minimum ten (10) years work experience with a portfolio demonstrating advanced knowledge of structural building design, including wood-frame construction, site-cast concrete, structural steel, ICF and precast concrete construction. Experience using Revit software and experience with heritage restoration work is an asset.
 - Good communicator - precise, concise, with exceptional English language skills (oral and written).
 - Self-motivated and ambitious with the ability to work independently. Organized, with the skill to manage time, deliverables, budgets and personnel. A full understanding of structural engineering, construction materials, construction methods, the Ontario Building Code & is willing to complete drafting of designs using Revit software.
 - We are looking to create a unique position for a structural engineer that would not only involve the structural design of our diverse projects, but could also entail detailed drawing production, site visits, general reviews, client interaction and proposal writing.

The Small Easy

SMALL TOWN ONTARIO FIRM LOOKING FOR BIG TALENT WITH A GREAT STORY

Talent Search for Structural Engineer (over 10 years experience)

Why JPM Architecture?

- Competitive salary reviewed annually.
- Healthcare spending allowance.
- Employer paid RRSP contributions.
- Work-life balance strongly encouraged.
- Stable, long-term employment with opportunities for advancement based on merit, skill and initiative.

- Friendly, welcoming and team-oriented atmosphere that fosters collaboration.
- Interesting and exciting assignments ranging in size and type.

JPM Architecture Inc. is always on the lookout for talented individuals who would rather have a career than a job. If you think you're a good fit, and want to benefit from a wonderful, rural lifestyle, then here is what you need to do:

1. Look us up on the web at <https://jpmarchitecture.ca/>. Get familiar with the range of our project work. We operate in a Revit environment and we cover a large geographical area, roughly Windsor to Hamilton to Manitoulin Island, and all points in between, especially in London, Huron County, Bruce County, Grey County and Oxford County.
2. Send us an email, telling us a little about yourself and why you think you would be a great addition to our team. Feel free to send us a cover letter and CV in the email but take your time and compose your sincere thoughts while also listing the experience you offer. Send your information to: info@jpmarchitecture.ca
3. Wait for us to call. We will contact persons with interesting stories and experience and request additional information. Top candidates will be invited to interviews.
